THE WALTER AND ELIZA HALL INSTITUTE OF MEDICAL RESEARCH

POSTAL ADDRESS: POST OFFICE, ROYAL MELBOURNE HOSPITAL, VICTORIA 3050, AUSTRALIA. TELEPHONE

AFFILIATED WITH
THE UNIVERSITY OF MELBOURNE
AND
THE ROYAL MELBOURNE HOSPITAL

DIRECTOR: SIR GUSTAV NOSSAL

11th September, 1978.

Dr. Joshua Lederberg,
Stanford University,
Palo Alto,
California 94304,
U.S.A.

Dear Joshua,

Most regretfully I will not be able to be with you on Monday 16th October for your installation as President of the Rockefeller University. Nevertheless, and at the risk of sounding slightly formal, I should like not only my but also the Hall Institute's greetings and good wishes to be recorded. We will certainly be with you in spirit, and will continue to admire your efforts in biomedical research and your desire to harness anew your great institution to the service of world health in all its dimensions.

Lyn joins me in sending fondest good wishes and greetings.

As ever,

G.J.V. Nossal,
Director.

9/26/78 Thank you, Gus.
Your good spirit is much
appreciated. I look forward
to seeing you later this fall.
May I suggest you alert
your secretary to correct my
address in her directory to
avoid future delays?
